

Dear ALUPROF Client,

We would like to inform you that the new price list for Aluprof architectural systems will be applicable to orders placed from 1st July onwards. It will include the following changes:

- a **6.5%** price reduction for thermally insulated, coated and 'untreated' profiles. The reduction will not apply to anodised profiles;
- a **3%** price reduction on system accessories

At the same time, we are delighted to notify you about the launch of our latest special offer, **Shade to Save**, which will run from **1st July to 30th September 2023**.

Shade to Save encompasses three major products from ALUPROF's sun-protection range:

- our SKYFLOW external venetian blinds, with an additional **10%* discount**;
- our MB-OPENSKY 120 and 140 pergolas, with an additional **7%* discount**.

The changes will certainly make our offering even more competitive.

We would like to emphasise that we study and analyse the prices of raw materials and market trends vigilantly. Please be assured that we will continue to monitor the situation and respond in a way which will maintain our clients' competitive position on the market.

If you have any questions, please don't hesitate to contact our sales supervisors, who will be happy to provide detailed clarification and answers.

** The discount is calculated on the final value of the order*

Kind regards

Katarzyna Duraj

Exports Director
