

MB-59S HI

Door and window system with a thermal break

The MB-59S HI system has been designed to give architects an integrated window and door system, allowing flexibility of design whilst at the same time as providing good thermal and acoustic insulation. It is the starting point for any specifier and provides a multitude of options for window projects; Tilt&turn, Tilt&slide, side hung, bottom hung, pivot and also an open out option for top hung and side hung. They are also available in high thermal insulation variety name HI.
